MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: New TALENT-KEYHOLE Billet Structure

1. The attached memorandum is self-explanatory.

25X1A9a

2. For your information there is also attached a revision of the CIA Billet structure (Annex H), revised in pursuance of a review conducted by C [REDACTED] with [REDACTED] and myself. The initial figure for CIA had been 305; you will notice that the present total billet would be 417, an increase of those currently in use of 112.

3. Finally there is also attached for your perusal, if you desire, the only copy of the Department of Defense review paper (TCS-8060-60-KH) which contains the detailed justification and new billet proposals (the summary of which is in the total USIB summary of the major paper) which [REDACTED] approved.

4. Unless for historical reasons you wish to peruse the original paper submitted to the USIB (which is also submitted herewith, TCS-7902-60-KH) I see no reason why you should bother with it.
